## Description

Warm, modern hanging pendant ideal for creating a delightfully vibrant atmosphere. Encased in tasteful cylindrical white cased glass. Individually handspun by master glassblowers, glass is crafted layer by layer into a flawless multi-layered cylinder with a delightfully smooth touch. Enjoy phenomenal long-lasting color that will never fade from cleaning or sunlight. Glass color is always non-painted and 100% natural, inherent to the original sand pigment from which it was created. Illumination mechanism is sure to impress with its stunning, unique radiance. Light diffuses within multiple layers instead of simply filtering light through. Entire glass shade glows bright in perfect uniformity, emitting an ethereal, serene ambience and capturing an immaculate glow throughout the glass. Thickness and weightiness from multiple glass layers ensures long-lasting durability. Showcases an elegant light covering perfect for decorating spaces with a stylish touch. Amber acrylic provides additional protection to the glass shade and is pleasantly reminiscent of a flower bud. A must-have for making a unique impression, this unique petal-like covering surrounds the glass shade and filters light to create a warm, colorful vibe. Beautifully finished with flawless nickel brushed to perfect symmetry by skilled craftsmen. Easy maintenance—simply clean and polish to achieve an even more lustrous shine. Complements stainless-steel appliances, countertops, islands, bars, dining rooms, kitchens, restaurants, and many other indoor areas. Accent your spaces with this striking, upscale piece.
