## Description

This indoor white track lighting kit features three low-voltage (12V) small open back gimbal ring track heads and a 4 ft. track section / track rail. Go green and save big. Energy-efficient low-voltage track heads are environmentally friendly and require substantially less electricity to maintain, passing down cost-cutting savings to you. Enjoy this piece's sleek, modern design. Clean, minimal, and solid color design blends in seamlessly with surroundings and existing décor. Track section / rail / system is composed of extruded aluminum, a corrosion-resistant material. Feel at ease with aluminum's high resilience, lasting quality, and inability to rust like steel. Adjustable track heads tilt up to 90° and rotate 355° around vertical axis. Perfect complement to kitchens, living rooms, hallways, exhibits, restaurants, apartments, studios, and many other indoor areas. Suitable for dry locations only. Finished in solid white.

Installation/ Mounting Position	Downward
