Description

This 52 in. indoor antique stone downrod hanging ceiling fan makes it easy to decorate with exquisite style. Elegant fan features rosewood/walnut reversible fan blades. Feel confident in your choice of classic elegance. Delight in traditional design that complements homestyle surroundings and décor. Fan blade position is interchangeable and offers remarkable versatility for interior design. Each blade comes in a refreshing, brilliant rosewood color on one side and in a rich, sophisticated walnut color on the other side. Change up your spaces by flipping the blade color for a new look. Experience the superior quality of high-grade silicon steel. Silicon steel's high efficiency and quiet operation are superior to the average cold-rolled steel used in other fans. Quickly and easily change the direction of fan blade rotation with the flip of a switch. Integrated switch allows for convenient reversal of fan blade rotation. Enjoy three fan speeds—fast, medium, and slow. Different speeds allow for quick and easy change of air flow. Perfect complement to lobbies, restaurants, studies, living rooms, and many other indoor areas. Suitable for dry locations only. Beautifully finished in a sophisticated antique stone. Feel confident in a stunning, quality product. Each indoor ceiling fan fixture comes with a limited lifetime motor warranty.
