Because Lighting Speaks Volumes

Description

Inspired by celestial beauty, this indoor flush mount ceiling fixture is perfect for those looking to optimize illumination to the fullest. This piece contains an impressively wide elegant white alabaster bowl resembling the moon's all-encompassing radiance. Alabaster glass features beautifully unique patterned swirls. Thick and durable, alabaster diffuses light evenly in all directions and minimizes harsh shadows for a pleasantly uniform glow. Filtered light subtly accentuates swirls, resulting in charming wispy highlights. These gorgeous swirls make this alabaster bowl one-of-a-kind. Trims are ringed with magnificent orbit-like sphere adornments. Delight in transitional design that complements surroundings and décor with the best of both modern and traditional elements. Beautifully finished with flawless nickel brushed to perfect symmetry by skilled craftsmen. Feel at ease with nickel's lasting quality and stunning appearance. High-quality nickel provides phenomenal durability and an attractive gleam. Hard surface provides top quality protection against scratches. Easy maintenance—simply clean and polish to achieve an even more lustrous shine. Outer lacquer finish provides an attractive sheen and additional layer of protection. Complements stainless-steel appliances, dining rooms, kitchens, and many other indoor areas. Choose heavenly brilliance with this captivating piece.
