Description

This integrated LED indoor or outdoor 6" or 5" white aluminum recessed retrofit downlight features a sealed white frosted acrylic lens cover and round flanged trim. Housing and trim features all-aluminum construction. Feel at ease with cast aluminum's corrosion-resistance, high resilience, lasting quality, and inability to rust like steel. Go green and save big. Energy-efficient LED is environmentally friendly and requires substantially less electricity to maintain, passing down cost-cutting savings to you. Compatible with non-type IC (insulation must be kept 3" away) or type IC (suitable for direct contact with insulation) 6" or 5" recessed downlights. Features cold temperature startup in weather as low as 20°C. Operates up to 80°C. Perfect complement to indoor or outdoor spaces. Enjoy rain or shine—conveniently suitable for wet locations. Compact light fits easily in small spaces. Delight in traditional design that complements homestyle surroundings and décor. Feel confident in your choice of classic elegance. Solid white finish. Feel confident in a quality product. Integrated LED comes with a 5-year limited warranty.
